DEGREASER #770

HEAVY DUTY, INDUSTRIAL WATER BASED CLEANER AND DEGREASER

PRODUCT DATA SHEET

Product Data / Application Instructions (For Marine & Industrial use)

- Excellent cleaning of soiled and chalked surfaces
- Cleans super clean
- Dramatically improves aged surface recoatability
- Reduces repainting costs
- no abrasive sweep blasting costs
- No abrasive sweep blasting necessary
- No roughening of aged painted surfaces
- Biodegradable
- Contains no solvents
- Contains no phosphates, halogens, chlorinated solvents or petroleum distillates

Typical Uses

Cleans intact, painted surfaces in preparation for repainting.

If you get the aged painted surface "super clean" with Degreaser #770 cleaner, no other surface preparation may be needed before recoating. Sanding, solvent wiping, abrasive sweep blasting and roughening of aged coatings may be eliminated for non-immersion areas.

Degreaser #770 is ideal for:

- Drydock painting
- Maintenance painting
- New construction

Physical Data

Type	Alkaline solution	
Color	Clear to slight haze	
Components	1	
VOC (EPA)	0	
	°F	°C
Flash point (SETA)	None	None
freezing point	25	-4
boiling point	212	100

Application Equipment

Low pressure sprayer, brush, roller, or mop.

Application Data

Applied over	Intact coatings
Method	Spray, brush, roller, or mop
pH	11-12
Density	8.6 lbs/gal 1.03 kg/L
Solubility in water	Infinite

Environmental Conditions

Temperature	°F	°C
air	40 to 100	4 to 38
surface	40 to 122	4 to 50

Application Procedures

For most applications, Degreaser #770 Cleaner can be diluted 1 part Degreaser #770 to 2 parts fresh clean water.

1. Apply generously by spray, brush, roller, or mop.
2. Wait 5 to 10 minutes (but do not allow to dry out), then pressure wash with fresh water.
3. Insure all of the Degreaser #770 Cleaner is removed from the surface. Note: Scrubbing will aid in removing heavier stains.
4. Concentrated Degreaser #770 Cleaner may be required for heavy oil residues.
5. If surfaces are hot, pre-wet before application of Degreaser #770 Cleaner.
6. Do not apply under freezing conditions.

Safety Precautions

Read each component's material safety data sheet before use. Mixed material has hazards of each component. Safety precautions must be strictly followed during storage, handling and use.

CAUTION – Improper use and handling of this product can be hazardous to health and cause fire or explosion.

Do not use this product without first taking all appropriate safety measures to prevent property damage and injuries. These measures may include, without limitation: implementation of proper ventilation, use of proper lamps, wearing of proper protective clothing and masks, tenting and proper separation of application areas. Consult your supervisor. Proper ventilation and protective measures must be provided during application and drying to keep solvent vapor concentrations within safe limits and to protect against toxic hazards. Necessary safety equipment must be used and ventilation requirements carefully observed, especially in confined or enclosed spaces, such as tank interiors and buildings.

This product is to be used by those knowledgeable about proper application methods. N S P makes no recommendation about the types of safety measures that may need to be adopted because these depend on application and space, of which N S P is unaware and over which it has no control.

If you do not fully understand the warnings and instructions or if you cannot strictly comply with them, do not use the product.

Note: Consult Code of Federal Regulations Title 29, Labor, parts 1910 and 1915 concerning occupational safety and health standards and regulations, as well as any other applicable federal, state and local regulations on safe practices in coating operations.

This product is for industrial use only. Not for residential use.

Limitation of Liability

N S P's liability on any claim of any kind, including claims based upon N S P's negligence or strict liability, for any loss or damage arising out of, connected with, or resulting from the use of the products, shall in no case exceed the purchase price of the products or part thereof which give rise to the claim. In no event shall N S P be liable for consequential or incidental damages.

Warranty

N S P warrants its products to be free from defects in material and workmanship. N S P's sole obligation and Buyer's exclusive remedy in connection with the products shall be limited, at N S P's option, to either replacement of products not conforming to this Warranty or credit to Buyer's account in the invoiced amount of the nonconforming products. Any claim under this Warranty must be made by Buyer to N S P in writing within five (5) days of Buyer's discovery of the claimed defect, but in no event later than the expiration of the applicable shelf life, or one year from the delivery date, whichever is earlier. Buyer's failure to notify N S P of such nonconformance as required herein shall bar Buyer from recovery under this Warranty.

N S P makes no other warranties concerning the product. No other warranties, whether expressed, implied, or statutory, such as warranties of merchantability or fitness for a particular purpose, shall apply. In no event shall N S P be liable for consequential or incidental damages.

Any recommendation or suggestion relating to use of the products made by N S P, whether in its technical literature, or in response to specific inquiry, or otherwise, is based on data believed to be reliable; however, the products and information are intended for use by Buyers having requisite skill and knowhow in the industry, and therefore it is for Buyer to satisfy itself of the suitability of the products for its own particular use and it shall be deemed that Buyer has done so, at its sole discretion and risk. Variation in environment, changes in procedures of use, or extrapolation of data may cause unsatisfactory results.
