

No Skid Badminton

Sports Cushion Vinyl

Product available in ready-to-go easy to install (4.0mm – 5.0mm) indoor badminton playing surface with game lines painted on the surface. The multi-layer surface provides extra durability and resilience. This flooring offers excellent player comfort and protection with structured embossing makes it a perfect footing for badminton players of all skill levels.

Specification:

Materials: Virgin grade vinyl/pvc
Surface pattern: Embossed pattern (homochromous)
Backing : pvc foamed back
Colour: green/ blue
Wear layer: 1.2mm
Overall thickness: 4.0mm – 5.0mm
Single roll width: 1.42m
Length: 15 m
Weight: For 4.0mm, 3.0kg/sqm approx
Total length and width of court borderline:13.4m x 6.1m
Total size of floor:15m x 7.1m
Total areas of floor:106.5 square meters
Packing :5 packed, roll with waterproof paper
Size of a roll:1.5m(H) *0.45M(Diameter)

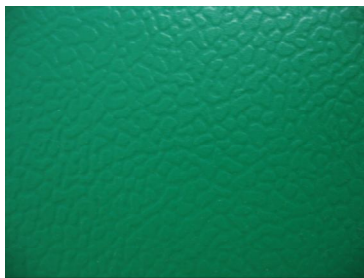

Features:

Material consists of four layers as follows:

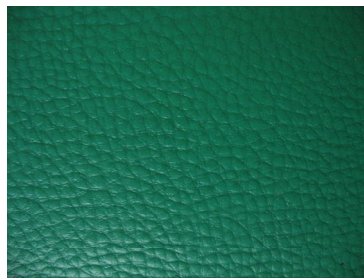

1. 100% pure vinyl wear resistant layer
2. Glass fibre reinforced woven fibreglass inner layer
3. 100% pure vinyl wear layer
4. Closed cell foaming buffer layer

Advantages

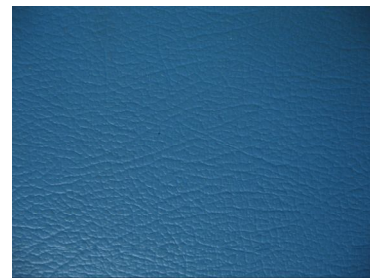

1. Made of virgin material and environment conservation products: leaf mold-resistance and technical antibacterial processing.
2. 100% pure PVC wear-resistant coat, so it has the longest life in congeneric products.
3. Quality warranty period is 5 years and service life is as long as 10 years.
4. Good mobility, anti-aging, water-proof, fireproof, skid-prevention, chemical friendly
5. Easy installation and maintenance.
6. Fibre-glass reinforced layer makes it non-shrink and able to service a longer lifespan.
7. Foam buffer like air cushion structure, safe with good performance in rebounding and absorbing shock, it can absorb up to 30% to 50% shock.
